

Nazi Holocaust

During World War II, German Nazis promoted racism. Numerous concentration camps were established in Germany and in the occupied countries. These camps were also called "death camps". A mass murdering and inhuman tortures happened inside these camps. Millions of lives were dead, and most of the victims were Jews.

In my illustration, there is a human face. The pair of his eyes are covered by the clouds in white, and the bloody mouth shows that the victim was killed through a lot of pain. The emblem next to the cheek represents a painful oppression by the Nazi party, and the other side is decorated with blue and white stripes. These stripes were what these prisoners wore in the concentration camp. I am outraged by the inappropriate behavior of the Nazi Party. This tragedy caused too many innocent people in death, and hundreds of thousands of families were shattered. Wars made the humans brutal and beastly.
